Scope and Content Note

This artificial collection is made up of university publications and reports. All publications are considered permanent records and a copy should be sent to the University Archives. The publications portion of this collection include The Milestone; university, college and departmental newsletters; the Eastern Progress; policy and procedures manuals; telephone directories; and many other types of publications. The holdings for each item are listed at the end of the title. When possible title changes are noted, so that publications can be tracked easily. There are many gaps in these publications which will be filled in as they become available.

The reports portion of this collection include College and Department Annual Reports, Financial Statements, Accreditation Reports, Planning Reports, Institutional Research Reports and various other reports generated by the university. There are some gaps where reports have not been archived at this time. As these reports are added to the archives, this inventory will be updated.

Donor Information

Transfers from various offices and private donors - University Reports (0001-003), University Publications (0001-004).

The Eastern Kentucky Review seems to have served as a clearinghouse for all University Publications in the earliest years of the University. There are issues that act as schedule books, catalogs, newspapers, yearbooks, alumni directories, etc. For that reason each available issue has been listed here with a title or description of the issue. These publications include some great early photos of the University and students as well as student writings and facts and statistics about the University. Not all issues were available, and many times the issue number was used more than once. In one case four different publications had the same number. For that reason you will occasionally see the same number listed more than once in a single volume. Additional issues will be added as they are received in the University Archives.

Sports Media Guides

This category includes the press or media guides for sports teams on campus. They are arranged chronologically by sport. From 1978 to 1983 the media guides were published by season instead of individually. There are issues missing for nearly every sport. As we acquire new issues they will be added to this finding aid.
