

## **Gold Star Men, 1942-1946 (1 Folder)**

Processed by Cherrelle Harris, October 2009

### **Restrictions**

None.

### **Scope and Content Note**

This collection was a set of three photo albums labeled “Gold Star Men of Eastern Kentucky State Teachers College.” It was compiled to honor Eastern men who were killed in World War II and consisted of a photograph of each soldier and a card with information about his rank, hometown, attendance at Eastern and death. One volume was “Graduates and Faculty”; the other volumes were “Former Students Who Did Not Graduate”. The photographs were removed from the albums and integrated into one alphabetical unit. For two soldiers there was additional information included and this was noted. There was no photograph for two soldiers and those cards have been placed at the end of the collection. All photographs were digitized and are available through [this link](#).
